

Oswego Kansas.

September 29th 1879.

Director of the Mint.

Philadelphia

Sir.

Will you be kind enough to inform me concerning those specimens or bronze coins which are made at the Mint and furnished to persons who desire to keep them as specimens or souvenirs. How to get them and the cost of the same. I desire to add to my collection of coins. but I do not understand this matter and will be much obliged if you will explain it to me.

Respectfully
S. L. Coulter.
